In the space below, please answer the following questions: Who are we? What is/are our mission and goals? What are the primary activities in the St. Louis region? Also, please list available publications and resources.

We are 63 Daughters of Charity and one postulant who live in St. Louis. We are part of the international Company of the Daughters who number about 20,000 in 93 nations. The charity of Jesus Christ crucified animates us and urges us to engage in service of and with persons living in poverty. In St. Louis, the Daughters are involved in health care, social work, education, pastoral work, Vincentian Family collaborations, administration of the province, and the ministry of prayer. Twenty three Daughters live at The Sarah Community.
